# Réka Gábosi

Experienced Project Manager | Civil Engineering Background |  
Exploring IT & Software Solutions  
Cluj, Romania

## Summary

Dedicated Civil Engineer with 9 years of experience specializing in reinforced concrete buildings, holding a Master's degree in Building Pathology and Rehabilitation from the Technical University of Cluj Napoca.

Throughout my career, I developed strong problem-solving skills, attention to detail, and a commitment to delivering high-quality results — skills that I am now excited to apply within the IT field.

Passionate about continuous learning, I have recently transitioned into software development, with a growing portfolio of Python applications, database projects, and user-friendly interfaces.

I am eager to bring my engineering discipline, analytical mindset, and teamwork abilities into the world of technology, and I'm committed to building efficient, innovative solutions.

Always open to new challenges, collaborations, and opportunities in tech and beyond.

---

## Experience

Klausenburger Ingenieurgesellschaft SRL

Civil Engineer

September 2021 - Present (3 years 9 months)

Experience in Various Projects Across Germany

I have worked on a wide range of residential and industrial building projects, specializing in reinforced concrete. Additionally, I have served as the Project Manager for numerous buildings.

One of the most rewarding projects I worked on was the Köln Radsportzentrum (Cologne Cycling Center), a state-of-the-art facility designed for professional cycling and community events. This innovative building features an indoor cycling track, training spaces, and event areas.

#### GABOSI REKA PFA, Miercurea-Ciuc

Engineering Project Manager

June 2017 - Present (8 years)

Harghita County, Romania

2017.07.01-2018.03.01 Colaboration with company: "PIRAMIDA STRUCTURAL DESIGN"

#### BBW Ingenieure SRL

Civil Engineer

August 2019 - September 2021 (2 years 2 months)

Cluj-Napoca, Cluj, Romania

Experience in Various Projects Across Germany

I have worked on numerous residential and industrial building projects across Germany, contributing to both large-scale and specialized developments.

I have been the Project Manager for numerous projects, including high-profile developments such as the Stuttgart Apartments, designed by Richard Meier. This project stands out as a unique example of blending modernist architectural principles with the concept of collective living, where individual units were conceived as part of a larger, cohesive whole.

#### Piramida Structural Design , Cluj-Napoca

Engineering Project Manager

March 2018 - August 2019 (1 year 6 months)

Cluj County, Romania

Experience in Various Projects Across Germany

I have worked on a wide range of residential and industrial building projects, specializing in reinforced concrete. I have been the Project Manager for all the projects I have worked on at this company and have also been the team leader.

#### BKS ENGINEERING SRL, Cluj-Napoca

1 year 5 months

## Civil Engineer

June 2016 - June 2017 (1 year 1 month)

I have had the opportunity to contribute to a wide range of reinforced concrete projects across Germany, including:

1. Amprion - Dortmund (Phoenix-West): Reinforced concrete for a major energy infrastructure project.
2. Grand Tower - Frankfurt: Concrete work for one of Germany's tallest residential towers.
3. Dock 14 - Münster (Am Mittelhafen): Concrete for a large-scale waterfront commercial development.
4. Grafental WA6 - Düsseldorf (Neumannstraße): Multi-story residential project with reinforced concrete framing.
5. Klinikum Veterinärmedizin, Justus-Liebig-Universität - Gießen: Concrete for a veterinary medical facility.
6. Messe - Düsseldorf (Stockumer Kirchstraße): Concrete work for a major exhibition center.
7. Ruhr-Universität Bochum - Bochum: Concrete for a university building, emphasizing durability.
8. Vitanas Senioren Centrum - Neubrandenburg: Concrete design for a senior living facility.
9. Klimaschutzsiedlung Am Wald - Düsseldorf: Eco-friendly residential development utilizing reinforced concrete.

## Technical Draftsman

February 2016 - May 2016 (4 months)

Cluj County, Romania

---
